

DRACON-ELTRON

# Display

Our Knowledge for you

WINSTAR

## The company

- High technological competence
- Advance technology in COB, SMT, TAB, COG
- High quality and competitive prices

Monochrome graphic

Character display

color graphic

## LCD (Liquid Crystal Display)

- Very thin and light and uniform brightness
- High quality component used
- Color, Character and Graphic type LCD
- Included controller

## LED (Light Emitted Diode)

- Low voltage DC Power to drive
- Very long life time

## EL (Electro Luminescent)

- Very thin and light and uniform brightness
- AC power

## CCF (Cold Cathode Fluorescent Lamps)

- Long life time, low heat generation
- High brightness

## Touch panel

- Lightly touch
- Film and glass combination structure resulting in high transitivity

## TFT (Thin Film Transistor)

- Transistor build in glass
- Size 1,8" Power supply 3V

Beside display products **Dracon-Eltron** offers 8 technology groups with product lines and services which make production and your product more reliable and more efficient. We offer you within these core areas an optimum of service.

- **Connection:** cable- en PCB connectors, cable assembly and hotmelt overmoulding.
- **Mechanics:** servo-motors and servosystems, micromotors, transmissions, power supplies and special connectors.
- **Printing/Identification/Power:** POS, kiosk and thermal printer mechanisms, lcd, card readers, power supplies, PTC heaters and specials.
- **Soldering and cleaning:** usage material; solder material, cleaning towels and swaps, brushes and protection materials. PCB-services for cleaning and coating.
- **Plastics:** connection products, enclosures, cables, cable guides, shrink sleeves, PCB spacers.
- **Machines:** Machines for cable processing industry such as stripping, cutting, winding and overmoulding machines. PCB-production and rework such as cut and bending machines, soldering station, equipment for dispense and rework.
- **EMC/EMI:** We help to minimize the impact of electromagnetic interference. Depending on the application and the possibilities we thereby apply technique as filtering, grounding, shielding and absorption. One after the other sophisticated techniques which ask for an in-depth recommendation.
- **Tools and workstation:** We gladly advice you the correct tool and the optimum workshop institution for your production and application.
